Subject: Bristol Bay - Opinion Surveys
Attachments: Craciun Survey Sept 2009.pdf; RRC Hellanthal survey.pdf

Cara –

Sorry it took so long getting you this material. I've been in Bristol Bay almost continuously since our meetings – with only infrequent internet access.

I seem to recall that you asked for other material in addition to these surveys. But what it was has slipped my mind. If you recall – please let me know.

Do you happen to know any more about EPA's visit to Alaska this summer; whether those involved might have time for even a short visit to Bristol Bay? I would be very pleased to make myself and others available to provide an overview of the area and the fishery.

Bob Waldrop
